A. Nurture Merit Program

Nivethan Trust, with support from its donors, well-wishers and volunteers, since 2011, have been supporting students from economically backward families and studying in corporation schools in Madurai. We provide both financial support and non-financial support like mentoring sessions, subject classes, counselling and life skills education.

Students after their tenth class from corporation schools are selected based on their 10th public exam marks followed by individual house visits to verify their economic situation.

1. Scholarships distribution

This academic year (2016-2017), Nivethan Trust has supported 24 students who are in class 12 and College 1st year. An amount of Rs. 55,000, was disbursed as scholarship to 17 Girls and 7 Boys.

2. Training & Mentoring Sessions:

The students also received regular mentoring and support sessions. Various volunteers rendered their support in meeting the students and offering academic support and coaching them on various academic and life skills, career guidance and counselling.

B. Our work on Thalassemia

We continue to support and offer referral services to children who are suffering from Thalassemia. We provide counselling and education to the parents and refer them to Government hospital so that they can continue treatment and go for bone marrow treatment (BMT) at the hospital.

Our Plans (2017-2018)

- **Nurture Merit Program:** We realize the continuous need and demand to offer support to the students both financially and otherwise. We will continue our scholarship distribution through this program and also provide mentoring support to students based on need and requirement.
- **Communication & Documentation:** We understand the need to document the best practices and share our progress to our well-wishers, donors and other stakeholders. We will ensure frequent updates and communication is made to our network.
- **Friends of Nivethan:** With our growing community of supporters, we would be forming an informal network of friends who contribute to Nivethan trust in various ways. This would help us both to engage them and keep them updated and communicate in a timely manner.
